Matrix

Custom matrix for GOLDCOVER - O.MATRIX

Catalogue number: 807185

Custom matrix fabrication service for hot print stamping equipment of GOLDCOVER system

Description

OPUS offers a manufacture with your logo or text ready to fit your OPUS equipment. No additional parts or mounting tape, just fit it into your matrix frame. Now you are ready to hot print stamp your professional image. Example: O.MATRIX GP5 27 x 200 x 10 mm (L16) custom made Legend: O.MATRIX *GP5* 27 x 200 x 10 mm (L16) custom made means a matrix intended for use with: MP - Masterpress series equipment (EMD or 01) MP02 - the Masterpress 02 equipment GP5 - the Goldpress 5 equipment GP - the Goldpress 4+ equipment IP - the Imagepress equipment PP - the Palmpress equipment O.MATRIX GP5 *27 x 200 x 10 mm* (L16) custom made means the dimension of the matrix (Height x Width x Thickness) There are two thickness available: 6 mm - designed for screwing to special plates (O.SCREW MATRIX BASE GP5 and O.SCREW MATRIX BASE MP with handles) 10 mm - they are designed to be used with frames or with their own handles. Frames with own handles: O.MATRIX GP 80 × 110 × 10 mm custom made O.MATRIX GP 50 × 180 × 10 mm custom made O.MATRIX PP 50 × 100 × 10 mm (L16) custom made O.MATRIX GP5 27 x 200 x 10 mm *(L16)* custom made optional marking means that the matrix will match frames with lines where: L16 - means lines for 16 mm fonts and for frames marked as "matrix", e.g. O.FRAME matrix or O.FRAME GP matrix / 1L16 1L4 L9 - means lines for 9 mm fonts L5 - means lines for 5.5 mm fonts L4 - means lines for 4 mm fonts L3 - means lines for 3.2 mm fonts O.MATRIX GP5 27 x 200 x 10 mm (L16) *custom made* is the matrix with a custom made pattern, graphics, logos, etc. or with the specified word e.g. custom made - means a custom made matrix "photo" - means a matrix with the word "photo" "photobook" - means a matrix with the word "photobook"
