Hand binder

Binding equipment for plastic spiral binding coils - OPUS Coil Bono

Catalogue number: 100538

Binding equipment designed for binding documents with plastic spiral binding coils.

Description

COIL BONO – SPIRAL BINDING MACHINE

This is a practical office binding machine designed for binding documents using spiral spines. It allows for the efficient preparation of A4-format materials: brochures, catalogs, offers, and internal company documentation.

FUNCTIONALITY ADAPTED TO EVERYDAY TASKS

The device allows you to punch up to 12 sheets of 70 g/m² paper at a time, which significantly streamlines the preparation of documents for binding. The maximum thickness of the bound file can be up to 160 sheets, which provides great flexibility when working with various materials.

COMFORTABLE AND INTUITIVE OPERATION

The movable paper stop helps you punch holes precisely, and the spine selection indicator of the correct size allows you to quickly bind punched documents into one piece. Additionally, the sliding shred bin helps keep your workstation tidy.

SOLID CONSTRUCTION AND COMPACT DIMENSIONS

The device's compact shape means it fits easily even on a small worktop or desk, and if necessary, even in a cabinet. The metal housing ensures stability during operation, and the ergonomic punch lever allows for convenient and smooth preparation of documents for binding.

EASY COVER PERSONALIZATION

Thanks to the wide range of OPUS spines and covers, you can personalize each document and make it unique; this not only creates a visual impact, but also facilitates the organization and filing of documents. Covers and spiral spines are available in various colors and sizes.

UNIVERSAL APPLICATION

The Coil Bono binding machine is perfect for offices, schools, service centers, and anywhere else where aesthetic document presentation is important. You can use the device to bind a variety of materials – from reports and offers to projects, notes, and training materials.

MOST IMPORTANT FEATURES OF THE DEVICE

- Spiral binding system
- A4 format
- Punches up to 12 sheets (70 g/m²)
- Maximum binding thickness: up to 160 sheets (20 mm spine)
- Paper stop
- Spine selection and file thickness indicator
- Sturdy metal construction
- Compact dimensions and ergonomic lever
- Sliding shred bin

Parameters

Brand	OPUS
Binder type	plastic/wire

Purpose	plastic/wire binding
Operation type	manual
Maximum format	A4
Maximum punching sheet* capacity	12
* tests made on paper	70 g/m²
