Hand binder

Binding equipment for plastic combs - OPUS Bono Plus

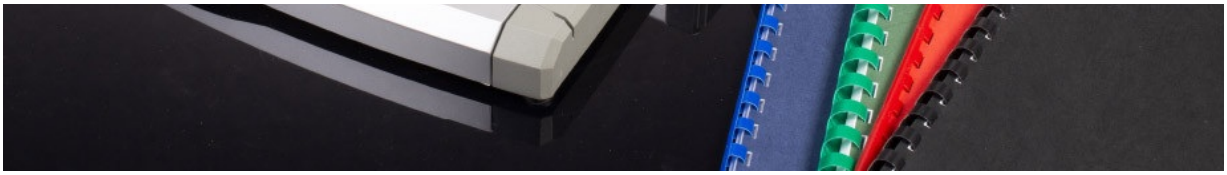

Catalogue number: 100217

Binding equipment designed for binding documents with a plastic combs.

Description

PROFESSIONAL DOCUMENT BINDING FOR EVERYDAY USE

Binding is a simple way to organize materials and give them a neat appearance. Plastic spine binders are used in offices, schools, and service outlets. They allow you to prepare various types of documents – from commercial offers and projects to term papers and instructions – in a clear and durable form.

BONO PLUS – PERFORMANCE AND FUNCTIONALITY IN ONE

The Bono Plus model is an office binding machine for plastic spines, which allows for convenient binding of documents in A4 format and smaller. It perforates up to 15 sheets of 80 g/m² paper at a time, and the maximum thickness of the bound file can reach up to 510 sheets (51 mm spine).

PRECISE FIT THANKS TO SWITCHABLE BLADES

The device is equipped with **21 perforating knives** that can be individually switched off. This allows you to adjust the number of holes to different paper formats and document specifications. The punching process itself is quick and convenient – it's done with a single lever movement.

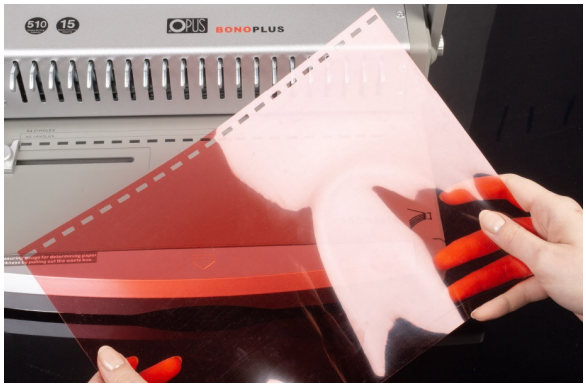

WORK COMFORT AND EASY OPERATION

The binder offers a range of conveniences that streamline everyday use. **Margin adjustment** allows you to set the appropriate distance between the holes and the edge of the page, and the **paper stop** helps with precise sheet positioning. The spine-stretching mechanism operates smoothly, making binding even larger

documents easier. The stable construction and shred bin further enhance comfort and order during work.

WIDE POSSIBILITIES OF PERSONALIZING THE FRAMING

A wide selection of compatible plastic spines and covers allows you to match the appearance of your documents to their intended use. Various colors and material sizes are available, allowing you to create both formal and more creative bindings.

SOLUTION FOR SMALL AND MEDIUM-SIZED OFFICES

Thanks to its efficiency and functionality, the Bono Plus binding machine is perfect for places with moderate workload. It's a practical tool for companies and institutions that need a **reliable binding machine** for everyday document preparation.

FEATURES OF THE BONO PLUS BINDING MACHINE FOR PLASTIC BOUNDS

- Designed for binding A4 documents using plastic spines
- Ability to bind documents in soft covers
- Maximum number of sheets punched at one time – 15 (80 g/m2)
