Professional binding machine

Binding equipment for plastic combs - OPUS el-Jumbo B

Catalogue number: 100514

Electric binding equipment designed for binding documents with a plastic combs.

Description

Electric binding equipment designed for binding documents with a plastic combs. Recommended for large offices and copy shops. Thanks to a solid metal construction, the device is very durable! Smooth mechanism for stretching combs and the foot drive makes the El-Jumbo B very comfortable to use. It is equipped with margin adjustment, format limiter, releseable knives and a large container for felling. In addition, it has a clear dimension of the thickness of the ridges. This is the successor of the highly-acclaimed EL-JUMBO binding machine.
