Personal shredder

Shredder - OPUS AS 2210C AF / 4 x 20 mm

Catalogue number: 510511

Description

SHREDDER WITH AUTOMATIC PAPER FEEDER - OPUS AS 2210C AF

AS 2210C AF is an efficient **shredder with an automatic paper feeder**, shredding paper into**small shreds** (*cross cut*) with a surface of **4 x 20 mm**, which guarantees safety at the **P-4** level. Cuts up to **200 A4 sheets in automatic mode** and up to **10 A4 sheets in manual mode** (paper 80 g/m ^{2}). The device is equipped with **steel separators** and**knives made of hardened steel**. The AS 2210C AF cuts in automatic mode and can work continuously for **60**minutes. This allows the user to save valuable time - just load a stack of unnecessary documents into the shredder and it will do all the work independently and unattended. You can operate the device using a **touch control panel**, where you will also find**LED indicators** informing about the current operation and status of the device.

SAFETY AT THE HIGHEST LEVEL!

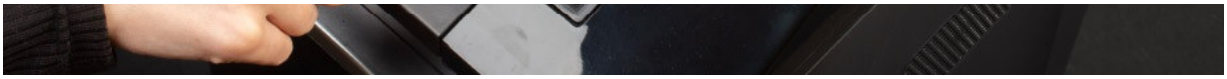

A successfully destroyed document is one that, once destroyed, becomes impossible to reproduce, read and use. The AS 2210C AF automatic shredder cuts paper in a **strip-cut (***cross cut***) system** into shreds with a small area of **4 x 20 mm**, making it impossible to recovery of data by unauthorized persons becomes possible, and documents are destroyed in accordance with the principles of **GDPR**. The **P-4** security level provided by the device is sufficient to successfully destroy such documents as: **bank details, contracts, documents, taxes or personal documents.**

AUTOMATIC MODE AND MANUAL MODE

The device can operate in two modes: **automatic** and **manual**. To use automatic mode, insert the sheets of paper into the tray and close the cover - shredding will start automatically. AS 2210C AF can thus shred up to **200 sheets** in one cycle and work continuously for **60 minutes** at a speed of **6.4 min/200 sheets**. In manual mode, the shredder cuts up to **10 A4 sheets** at a speed of **1.8 m/min** (paper 80 g/m^2).

AUTO-REVERSE TECHNOLOGY

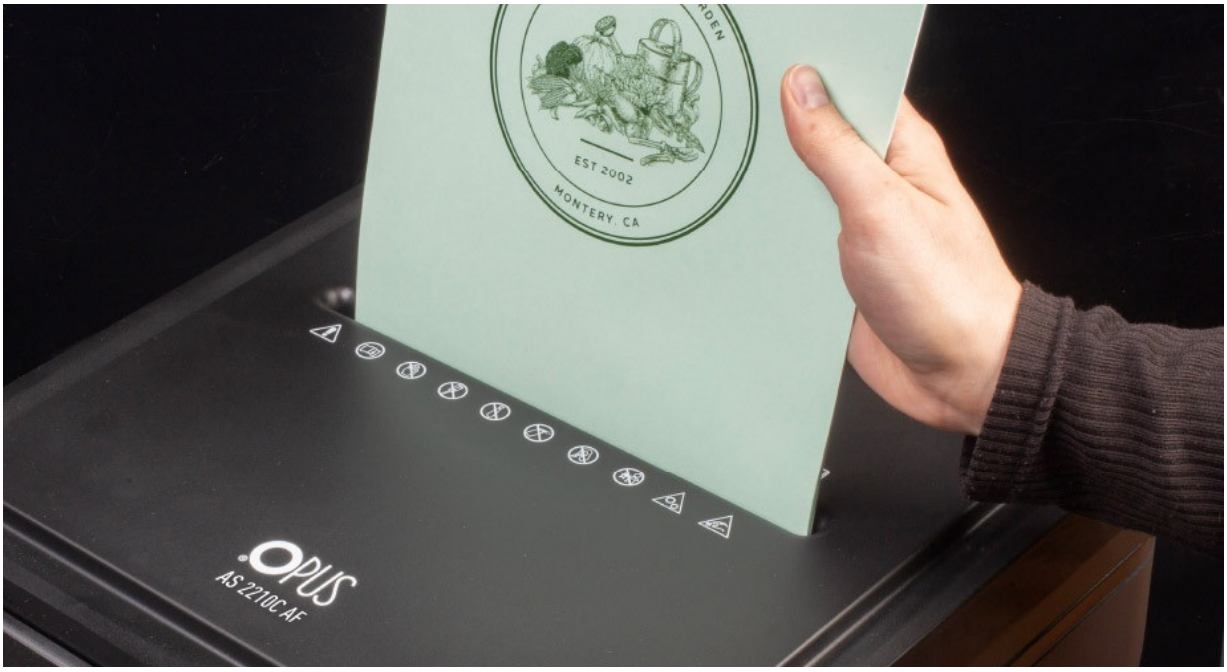

AS 2210C AF is an intelligent device that uses modern technologies that significantly facilitate work with the device, such as **automatic start/stop, automatic shutdown after 20 minutes of inactivity, protection against overcharging and overheating, or AUTO-REVERSE**. Thanks to this last function, the paper is**automatically retracted** and the engine is stopped as soon as the shredder detects that an excessive number of documents have been placed in the feed slot.

INTUITIVE OPERATION VIA ILLUMINATED TOUCH PANEL

The shredder offers easy and intuitive operation via a touch panel. You will find buttons such as: **on/off**, activating the shredder's automatic mode; **reverse**, allowing you to quickly withdraw the document, or the **forward' button, helpful, for example, when oiling the shredder. Additionally, there are LED indicators on the panel that light up red when the device is overheating or overloading, the shredder door is open The**s, the **waste bin is full**or there is a**feeder error**. Thanks to this, nothing will escape your attention, which will certainly translate into long and failure-free operation of the device and ease of everyday use.

HUGE CAPACITY BIN – EASY TO KEEP CLEAN

The shredder is equipped with a shred container with a large capacity of 32 liters, which can be easily pulled out without fear of getting dirty. Thanks to the **small volume of shreds** resulting from shredding, you don't have to empty the bin too often, and you can see how full it is through the **transparent window**. Moreover, the shredder is equipped with a **safety switch** that disconnects the power supply after removing the basket from the shredder to maintain the greatest possible safety and cleanliness in the workplace.

THE PERFECT SHREDDER FOR YOUR OFFICE

The shredder is perfect for **office** where large amounts of documents are destroyed, including stacks of paper fastened with **clips** or **office staples**, on which AS 2210C AF is **resistant**. In addition, it can destroy **payment cards**. Small dimensions, elegant design, low noise emission during destruction and swivel wheels make the device friendly to the office environment. It does not interfere with work, it is **efficient**, easy to move, and thanks to its aesthetic appearance it fits perfectly into modern interiors.

ADVANTAGES OF THE AS 2210C AF SHREDDER

- high security level P-4 (*cross cut*)
- shredding paper into small shreds with an area of 4 x 20 mm
- fast destruction of many documents in automatic mode - 6.4 min/200 sheets (80 g/m²)
- shredding up to 10 sheets of paper (80 g/m²) in manual mode
- continuous work time – 60 minutes
- automatic retraction technology – AUTO-REWERS
- easy operation via illuminated control panel

- indicators informing about the status of the device
- swivel casters enabling easy movement of the device
- shortcut bin with a capacity of 32 liters
- resistant to staples and paper clips
- possibility to destroy credit cards

PROTECT YOURS AND YOUR CUSTOMERS' DATA

The protection of personal data is an extremely important issue, especially from the perspective of an entrepreneur. Thanks to a high-quality paper shredder, you will effectively destroy unnecessary documents and protect both yours and your clients' data.

Parameters

Brand	OPUS
Shred size	4 x 20 mm
