Personal shredder

Shredder - OPUS AS 2210M AF / 2 x 12 mm

Catalogue number: 510528

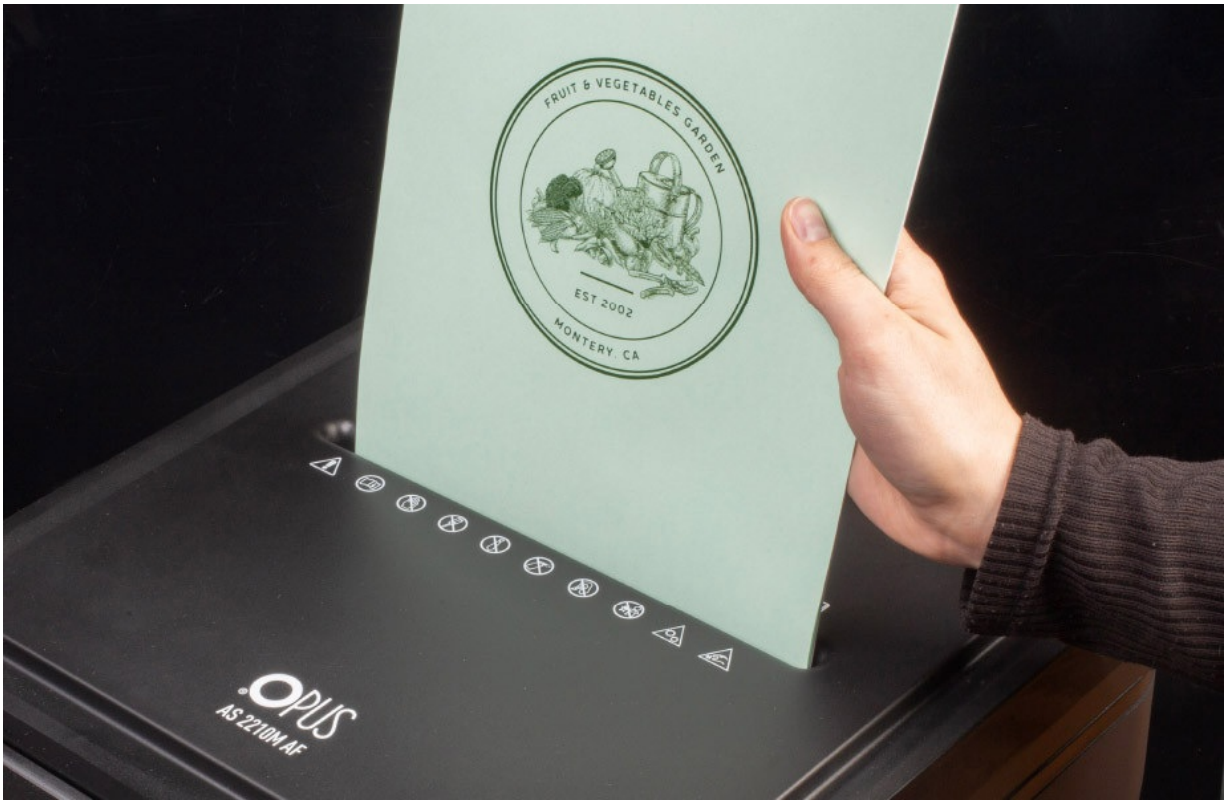
Description

SHREDDER WITH AUTOMATIC PAPER FEEDER – OPUS AS 2210M AF

AS 2210M AF is a shredder with an **automatic paper feeder** that cuts paper in a strip-section system into tiny shreds with a surface **2 x 12 mm** (*micro cut*) and ensuring safety at a **high levelP-5**. The device can operate in **automatic mode** - it shreds up to **200 sheets of A4 sheets** at a time - or in **manual mode** - it can shred then up to **10 A4 sheets (paper 80 g/m^2)**. Steel separators and **knives made of hardened steel** are a solution that ensures long operation and durability of the device. You can operate the shredder using a **touch control panel**, where you will also find **LED indicators** informing about the current operation and status of the device.

SUPER SMALL CUTTERS – SAFETY GUARANTEED

AS 2210M AF cuts paper into **super small pieces** with an area of **4 x 20 mm** (*micro cut*), which makes it an excellent choice for offices, companies and institutions processing large amounts of data and confidential information that must be **effectively destroyed**, i.e. impossible to reproduce, read and use by unauthorized persons. **High level of security P-5** provided by the device is sufficient to destroy **in accordance with the principles of GDPR** such documents as: **bank details, contracts, tax documents or personal files**.



WORK IN TWO MODES - AUTOMATIC AND MANUAL

The device can operate in two modes: **automatic** and **manual**. To use automatic mode, insert the sheets of paper into the tray and close the cover - shredding will start automatically. AS 2210M AF can thus shred up to **200 sheets** in one cycle and work continuously for **60 minutes** at a speed of **6.4 min/200 sheets**. In manual mode, the shredder cuts up to **10 A4 sheets** at a speed of **1.8 m/min** (paper 80 g/m^2).

TOUCH PANEL – EASY OPERATION AND FULL CONTROL OVER THE OPERATION OF THE SHREDDER

You can operate the shredder easily using the intuitive **illuminated panel**. You will find buttons such as: **on/off** (starts the automatic mode of the shredder); **reverse** (quick withdrawal of the document); **forward** (helpful, for example, when oiling the shredder). The panel also has **LED** indicators that light up red when the device**overheats or is overloaded, the shredder door is open** , **waste bin is full** or there is a **feeder error**.

AUTO-REVERSE – AUTOMATIC REVERSE IN CASE OF TOO MANY PAGES

AS 2210M AF is an intelligent device that uses modern technologies that significantly facilitate work, such as **automatic start/stop**, **automatic shutdown** after 20 minutes of inactivity, **overload protection** and **overheating** or **AUTO-REVERSE**. Thanks to this last function, the paper is **automatically retracted** and the engine is stopped as soon as the shredder detects that an excessive number of documents have been placed in the feed slot.

CAPACITY SHUTDOWN BIN – EASY TO KEEP CLEAN

The shredder is equipped with a shred container with a large capacity of 32 liters, which can be easily pulled out without fear of getting dirty. Thanks to the **small volume of shreds** resulting from shredding, you don't have to empty the bin too often, and you can see how full it is through the **transparent window**. Moreover, the shredder is equipped with a **safety switch** that disconnects the power supply after removing the basket from the shredder to maintain the greatest possible safety and cleanliness in the workplace.

THE PERFECT SHREDDER FOR YOUR OFFICE

The shredder is perfect for **office** where large amounts of documents are destroyed, including stacks of paper fastened with paper clips or office staplesto which AS 2210M AF is **resistant**. In addition, it can destroy **payment cards**. Small dimensions, elegant design, low noise emission during destruction and swivel wheels make the device friendly to the office environment. It does not interfere with work, it is **efficient**, easy to move, and thanks to its aesthetic appearance it fits perfectly into modern interiors.

ADVANTAGES OF THE AS 2210M AF SHREDDER

- high security level P-5
- shredding documents into extremely small pieces of 2 x 12 mm (micro cut)
- fast destruction of many documents in automatic mode - 6.4 min/200 sheets (80 g/m²)
- shredding up to 10 sheets of paper (80 g/m²) in manual mode
- continuous work time – 60 minutes
- automatic retraction technology – AUTO-REWERS
- easy operation via illuminated control panel
- indicators informing about the status of the device
- swivel casters enabling easy movement of the device

- shortcut bin with a capacity of 32 liters
- resistant to staples and paper clips
- possibility to destroy credit cards

PROTECT YOURS AND YOUR CUSTOMERS' DATA

The protection of personal data is an extremely important issue, especially from the perspective of an entrepreneur. Thanks to a high-quality paper shredder, you will effectively destroy unnecessary documents and protect both yours and your clients' data.

Parameters

Brand	OPUS
