Shredder - Shredcat 8100 CC / 5 x 30 mm

Catalogue number: 000328

Compact desktop document shredder.

Description

Simple control, automatic functions

The practical multi-function switch for forward, stop and reverse operation allows for intuitive operation. Thanks to the auto-start and stop function via photocell, the device automatically starts shredding and stops independently as soon as no more material is detected - for more comfort and efficiency.

Transparency and security combined

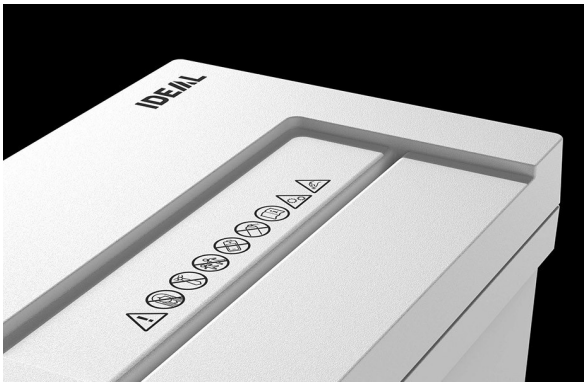
The shredding container with integrated viewing window allows for easy level control at a glance. Thanks to the automatic shut-off, the device stops automatically as soon as the container is full. This well-thought-out function ensures safe, clean and convenient emptying – for smooth operation in everyday office life.

Automatic for maximum efficiency

The automatic start/stop function with light barrier makes shredding easy and safe: The device starts automatically when paper is fed in and stops as soon as no more paper is detected. This smart function simplifies handling, saves valuable time and reduces energy consumption at the same time.

A surprising performance

The IDEAL Shredcat 8100 CC combines compact dimensions with impressive performance. With a capacity of up to 10 sheets (80 g/m^2), it delivers solid cutting performance for everyday needs using P-4 particle cut (5 x 30 mm). It's the smart way to move away from paper piles and towards secure, GDPR-compliant document destruction.



Intelligent overload protection

The integrated overheat protection ensures maximum safety and a long service life. If the system detects an overload, the device automatically switches off to prevent damage. This smart function protects the technology, prevents downtime and ensures reliable operation.

Timelessly modern design

Experience the shredder that sets accents with its timeless, modern design. Clean lines and high-quality workmanship combine with innovative technology to create an elegant device. Ideal for any office, it convinces with its security, efficiency, and an eye-catcher that enhances any room.
