effectively destroyed. You can achieve this effect with **desktop shredder VS 711 CD** designed for shredding paper documents, payment cards and compact discs.

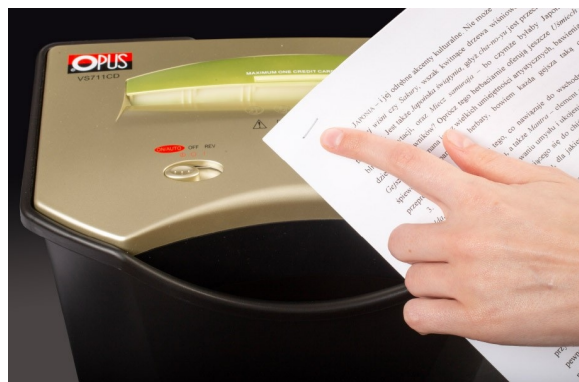

HIGH LEVEL OF SECRET

The **strip-sectional shredding system** used in the shredder ensures a high level of secrecy - P-4 according to the ISO/IEC 21964 standard. This means that after destruction, the documents will be **impossible to be read, reproduced and use** by unauthorized persons, and therefore they will be disposed of in accordance with the requirements of the GDPR. Other security levels provided by the shredder: **Tx-4, Ex-3**.

COMFORTABLE OPERATION AND EFFICIENT WORK

The technological solutions used in the device make the operation of the shredder simple and convenient. Thanks to the **START/STOP** system, the document shredding process is started **automatically** when documents are inserted into the slot and stopped when shredding is complete. In the event of a document jam, you can easily **retract** it with the **REV** switch. Shredder blades are **staple resistant**, allowing you to quickly shred entire stacks of documents without damaging your device.

HOME AND OFFICE

This small-size desk shredder will successfully work in any home and office. With it, you can safely dispose of **office documentation, invoices, bank statements, redundant credit cards or CDs/DVDs**, as well as other documents containing personal data or confidential information.
