Description

TS 2222 CD – EFFICIENT DATA PROTECTION

A document shredder is a **necessary piece of equipment** for every office, study, and even home. A high-quality paper shredder is a guarantee of comfortable and efficient work; it is also the certainty that all your data as well as confidential and secret information will be effectively destroyed. **The TS 2222 CD** business shredder is perfect for this task - with

it you can safely dispose of paper office documentation, compact discs and credit cards.

BUSINESS SHREDDER FOR PAPER, PAYMENT CARDS AND CD Discs

TS 2222 CD is a device intended for use in **offices, companies and institutions**, where protection of personal data and confidential information is particularly important. The **strip-section system** provides a high degree of security - **P-3** according to **ISO/IEC 21964**, which allows you to safely dispose of documentation containing **clients' address data, tax documents , trade turnover analysis** and the like. The **LEDs** on the display will notify you about the status of the device. The shredder is equipped with a capacious basket with a transparent window, a separate **container for plastic waste** and **wheels**, it is also **staple resistant**, which significantly makes work easier and faster.

KEEP SECURITY!

An effectively destroyed document is one that, once destroyed, becomes **unrecoverable, unreadable, and use**. Thanks to the TS 2222 CD shredder, you can efficiently dispose of documents **in accordance with GDPR requirements**. Destruction takes place in **strip-section system**, which ensures a high degree of secrecy, and at the same time

a small volume of shreds. The security levels provided by the shredder are: **P-3, Tx-1, Ex-2.**

COMFORTABLE AND SAFE WORK

Thanks to the technological solutions used, the operation of the shredder is simple and convenient. The **Automatic START/STOP** system means that the document shredding process is started immediately after inserting the documents into the slot and stopped when the shredding is finished. You can trigger **automatic retraction of the document** whenever needed. About **paper jam** or **engine overheating** will be indicated by the **LEDs** on the display.

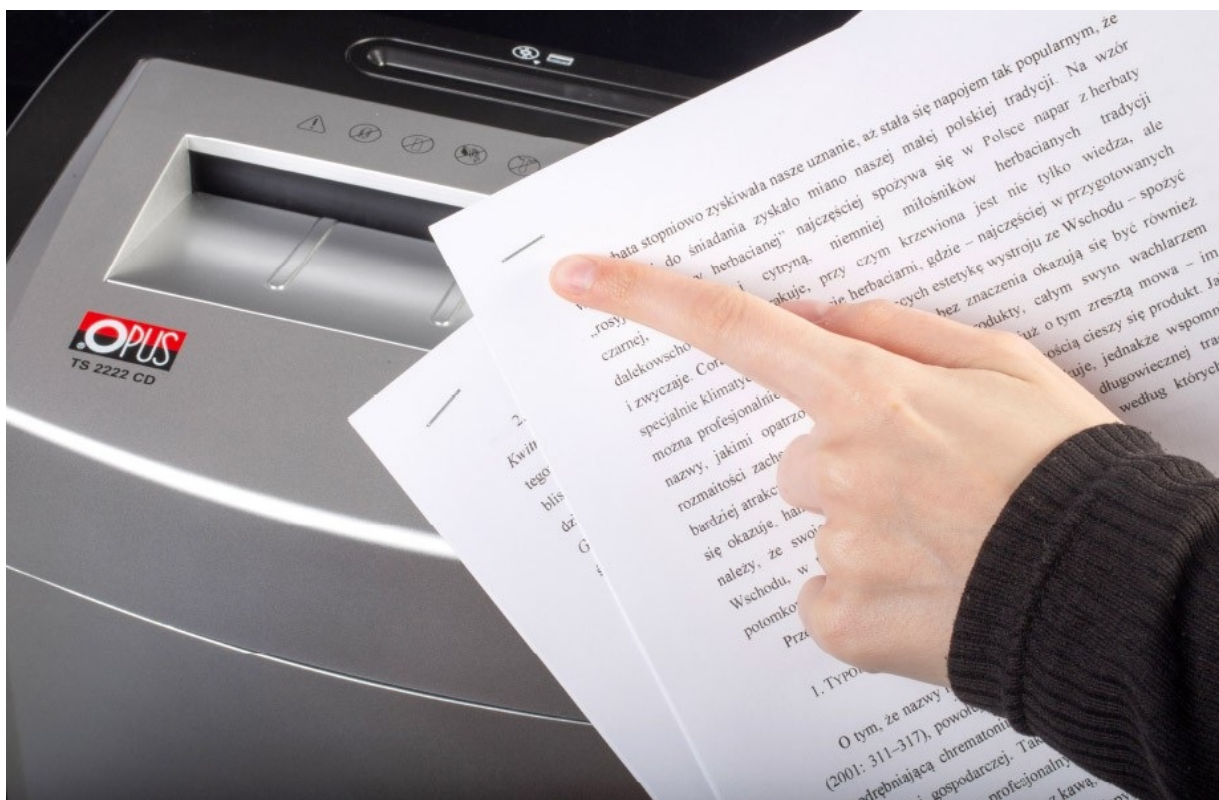

EFFICIENT PAPER SHREDDING

With the shredder, you can shred up to **22 sheets** of **80 g/m²** paper at a time. The cutting knives are made of **high quality** material, thanks to which they are **resistant to office staples** - so you can quickly dispose of stapled documents without having to remove the staples first!

CAPACITY WASTE BIN AND SEPARATE PLASTIC WASTE CONTAINER

The capacity of the basket is **28 liters**. You can check the filling level through the large window on the housing, and when the basket is full, the appropriate **diode** will light up. In addition, the shredder is equipped with **additional basket for CD or credit card remnants** - you will receive sorted waste right away!
