Trimmer - OPUS euroCUT A3

Catalogue number: 300020

Light compact office A3 trimmer/guillotine.

Description

TRIMER CUTTER EUROCUT A3 - COMFORTABLE CUTTING EVEN OF LARGE FORMATS

A trimmer or paper guillotine is a great alternative to other cutting tools. Thanks to the uncomplicated operation, such a device will successfully work in the office and at home, and the solidly made equipment will guarantee you undamaged, evenly cut paper of the appropriate size. You can achieve such an effect in an easy way with **EuroCUT A3** scissor cutter.

HANDY TOOL FOR QUICK WORK

EuroCUT A3 is a **practical paper cutter**, thanks to which you can precisely cut up to **8 sheets (70 g/m²)** in one go. A solid construction, markings of popular formats on the tabletop, a cutting line with a length of 430 mm and a format limiter make the cutter extremely easy to use. Now you can easily prepare leaflets, posters, invitations, cards, business cards or other documents - everything that requires precise and aesthetic cutting.

PRACTICAL WORK TABLE - CUT YOUR PAPER TO ANY SIZES!

Based on the **430 x 360 mm** cutter, you will find **markings of popular formats** in both **vertical** and **horizontal**. In addition, there are **scales on the tabletop: millimeter and inch**. **The movable limiter** will allow for precise positioning of the paper and obtaining a perfectly cut sheet.

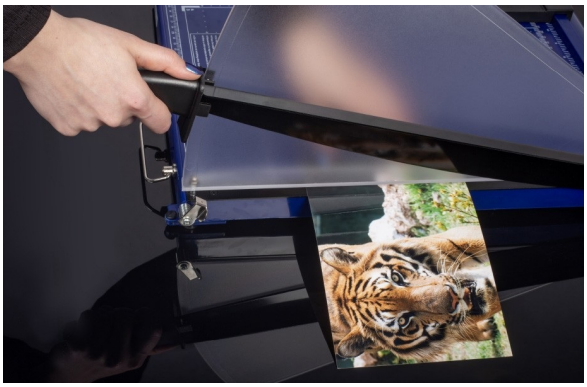

USE SAFE

The EuroCUT A3 scissor cutter is equipped with **a special cover** to protect against injury during operation. In addition, the cutter arm can be easily **locked** so that the device is not a hazard during transport or when not in use.

LIGHT AND MOBILE

Low weight of the cutter and the possibility of **removing the guard** of the knife make EuroCUT A3, despite the possibility of cutting large formats, a mobile tool, easy to carry or hide. An additional convenience in transport is the **handle** located at the base.

FOR HOBBYIS AND FOR PROFESSIONALS

The EuroCUT A3 scissor cutter will be widely used in your home, office and anywhere where **letters, documents, printouts, leaflets or business cards** are prepared. Thanks to the cutter, you can freely cut, cut or cut the paper, keeping a perfectly straight cutting line. Such a tool is an irreplaceable help in **decorating albums, cutting photos, creating cards** and implementing other projects where **aesthetics** is important.
