Office laminator

Laminator - OPUS minuteLAM A3

Catalogue number: 400331

Modern, easy-to-use office A3 laminator designed for hot and cold lamination.

Description

MINUTELAM A3 – LAMINATION OF DOCUMENTS IN HOME AND OFFICE

Lamination is a great way to **protect your documents from dust, stains and any damage** that could damage your documentation as a result of transport, improper storage, everyday use or simply the passage of time. It is also a perfect **protection of the appearance of the paper** - laminating the sheet **prevents it from creasing or yellowing**, and also allows you to quickly remove impurities from the foil. If you are looking for a device that will effectively

protect your documents, check out the **MinuteLAM A3** laminator - perfectly laminates paper with using **various laminating foils** while maintaining **aesthetics** at the highest level!

SILENT LAMINATOR WITH MANY POSSIBILITIES

MinuteLAM A3 is a **easy to use** laminator designed for **hot and cold** lamination, using **foils of different thickness**. With it, you can secure any document in **size A3** or smaller. **Short warm-up time** and also **quick lamination** will ensure comfortable, efficient work with the device and will save you time. The **Quiet foil advance system** increases the comfort of using the laminator, as it **does not generate noise** during operation, and the **automatic sleep function after 30 minutes** of inactivity prevents unnecessary power consumption.

FAST HOT OR COLD LAMINATION

MinuteLAM A3 laminates documents with speed **380 mm/min** and can work in two modes:

- **Hot lamination**: This is a good choice for most documents, such as posters, flyers, restaurant menus, invoices, receipts, photos, information signs, office documents, etc. adhesive foil and precisely protect your document. **Working temperature** for hot laminating, the MinuteLAM A3 reaches **90 seconds**.
- **Cold lamination**: it will work primarily in the case of documents covered with ink that is not resistant to high temperatures. **You don't have to wait** for the device to reach the right operating temperature - the foil will stick to the paper only due to the pressure of the laminator rollers.

LAMINATOR FOR PAPER IN A3 SIZE

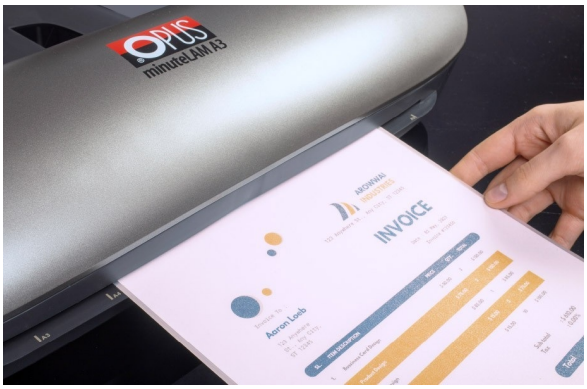
The laminator supports sheets of paper in **A3** and smaller sizes - you can easily prepare **documents of various sizes**, such as **posters, leaflets, brochures, invitations or business cards**. In addition, the device has **size markings**, which will help you correctly insert the document into the laminating slot, thanks to which you will achieve the best lamination results. The laminated document will slide out onto a special **tray** where you can leave it to cool down.

LAMINATING FILMS OF DIFFERENT THICKNESS AND DIFFERENT FORMATS

The MinuteLAM A3 laminator supports pouches with a maximum **330 mm** width, while the maximum **thickness of lamination is 0.7 mm**. This means that you can choose hot and hot laminating pouches in different formats: **A3, A4, A6** etc. in thicknesses: **80/100/125/150/175 ;µm**. Lamination settings suitable for a given foil thickness can be selected by pressing the button with the selected value - nothing easier!

CLEAR CONTROL PANEL - COMFORTABLE LAMINATOR

The laminator is equipped with **control panel**, where you will find clearly described functions. When the device is turned on, the **COLD** button will light up, indicating that the laminator is ready for cold lamination. After selecting the button with the appropriate foil thickness, the indicator will start flashing, and after the rollers have heated up, it will glow with a uniform blue light, which means it is ready to work. The **REV** button will allow you to easily **undo the document** if needed.



HOME AND OFFICE

The small size of the laminator and its simple operation allow you to freely use the device both in **home** and **office** or **service points, offices** and other **institutions**. Thanks to the protective film, you will not only protect important documents, but also photos or other souvenirs that could be damaged, stained or destroyed in any way.
